Who does the mirror say I am
Am I fearless and brave, or lost and afraid
Why do I stand here once again
Desperate to feel perfectly lovely
Could I be like someone who matters
Even for a moment,
Could I get lost in somebody else
Anyone else

Chorus
Chasing beautiful
Will someone love me
Will someone catch me when I fall
Chasing beautiful
Will someone save me
That's what I'm dying for
I'm tired of running
I'm tired of chasing
Beautiful

In spite of what you say I am
There are days I'm afraid, I'm nothing to no one
But then your voice it draws me in
And tells me again I'm perfectly lovely
Then why am I still running in circles
Even for a moment
Then why am I reaching for more
Just a little more

Chorus

Will I ever catch you "beautiful"
Will I ever reach you "beautiful"
Will we ever be together
Or will I spin around forever
